**~~PROPOSED~~ MITIGATED NEGATIVE DECLARATION**

Pursuant to: Division 13, Public Resources Code

**1. Project Name:** *Fugazi Brothers Turnout Project of Mormon Slough*

**Description of Project:** John Fugazi proposes to install a new pump turnout in Mormon Slough at 5503 N Fine Road, in Linden CA. The new turnout would supply water for 43.85 acres of almond orchard. The pump will include an 8" pipeline with a flowrate of 500 gallons per minute. A 6" concrete slab would also be poured near an existing well to allow for the installation of a two-tank sand media filter. Stockton East Water District (District) is the CEQA lead agency.

**Project Location:** The Project is located on the southern bank of Mormon Slough along North Fine Road in Linden, California.

**2. Date:** Septemeber 16, 2022

**3. Lead Agency:** Stockton East Water District

**4. Name and Address of Applicant:**

John Fugazi  
PO Box 807  
Stockton, CA 95236

**5. Contact Person:** Darrel Evensen, District Engineer, 209.948.0537

**6. Declaration:**

Stockton East Water District has determined that there is no substantial evidence that the above project, as mitigated, may have a significant effect on the environment and proposes that a Mitigated Negative Declaration be adopted. The determination is based on the attached Initial Study and the following findings:

- a) *The project will not degrade environmental quality, substantially reduce habitat, cause a wildlife population to drop below self-sustaining levels, reduce the number or restrict the range of special-status species, or eliminate important examples of California history or prehistory.*
- b) *The project does not have the potential to achieve short-term, to the disadvantage of long-term, environmental goals.*
- c) *The project will not have impacts that are individually limited, but cumulatively considerable.*

- d) *The project will not have environmental effects that will cause substantial adverse effects on human beings, either directly or indirectly.*
- e) *No substantial evidence exists that the project will have a negative or adverse effect on the environment.*
- f) *The project incorporates all applicable mitigation measures identified in the Initial Study.*
- g) *This Mitigated Negative Declaration reflects the independent judgment of the lead agency.*

Written comments on the Initial Study and proposed Mitigated Negative Declaration shall be submitted no later than 5 PM on October 16, 2022.

**Submit comments to:**

Darrel Evensen  
District Engineer  
Stockton East Water District  
6767 East Main Street  
Stockton, CA 95215

**Posting Period:**

September 16, 2022 to October 16, 2022

**Initial Study approved by:**

Dated: \_\_\_\_\_

**DRAFT**
